

New tuition policies for Frankton-Lapel Community Schools take effect on January 1, 2009. However, there are stipulations that perspective parents and students should understand:

1. Transfer is not automatic. There is a selection process for transfer candidates. Contact the FLCS Administration office for information and forms. The transfer request must be approved by the school's principal, FLCS Superintendent, and FLCS School Board.
2. Transfer students cannot be accepted for classes that are at capacity. In addition, resident enrollments are always given first priority.
3. Tuition costs still apply. For tuition-paying parents whose children were attending FLCS on or before the September 2008 count day, tuition on January 1, 2009 will be waived.

For perspective students wishing to transfer into our schools after January 1, 2009, tuition rates still apply for the remainder of the 2008-2009 school year. Students must be enrolled and counted each September in order for the State of Indiana to provide funding. (State funded dollars for these students were assigned to the school they are transferring from.) Students attending in August 2009 and prior to or on the September 2009 count day, will have tuition waived at that time.

Anyone enrolled after the September 2009 count day will be required to pay tuition. In order to qualify for free tuition for the 2009-2010 school year, a student **MUST** be enrolled by the September 2009 count day. Early registration is appreciated in order to accommodate schedules and class load requirements.

4. Questions or comments may be directed to Lynn Hall **at the FLCS administration office**. Please email Lynn at lhall@flcs.k12.in.us.
